Dear One Equity Partner recruiting team,

I am writing to express my interest in the Equity Investment Intern position at your organization. As a current sophomore at New York University majoring in Computer Science and Economics, I bring a blend of analytical skills, strategic thinking, and hands-on experiences that align well with the demands of the role.

Throughout my internship at Chesapeake Gateway Chamber of Commerce, I developed data-driven digital advertising strategies, showcasing my proficiency in leveraging analytics for targeted marketing. This experience instilled in me the importance of taking initiative in a dynamic business environment. As a Business Development Intern at The Bulb Africa, I furthered my skills in formulating compelling business proposals and collaborating with cross-functional teams. My leadership roles, particularly as the Treasurer of the Investment Analysis Group, underscore my commitment to financial acumen and strategic thinking. Being proficient in Excel, Word, PowerPoint, and Python, I possess an immense technical skill set and a proactive mindset crucial for navigating the complexities of equity investments.

I would love the opportunity to contribute to your team and am confident that my skills and knowledge on equity investments through my stock portfolio experience in market products make me a strong candidate for the Equity Investment Intern position. Thank you for considering my application. I look forward to the possibility of discussing how I can bring value to your company.

Sincerely,
Sophie Osunkoya
